**From the Desk of
Director of Evaluation**

Dear Colleagues,

I extend my warmest greetings for the academic year 2022-2023. This year promises to be another exciting chapter in our journey of academic excellence, building upon the accomplishments of the past. In 2022, the Examination Branch embraced transformative changes, introducing online applications for transcripts, migrating to the SBIEPay payment gateway, and updating challenge valuation rules to align with the National Education Policy. In 2023, we continued our dedication to service enhancements by initiating online college payments, developing software for monitoring students applying for Minors and Honours degree awards, and automating Examination Notifications and Timetable Software to reduce human errors and streamline processes. As we embrace this new academic year, we remain committed to providing the highest standards of education and examination integrity, ensuring that our services remain at the forefront of educational innovation.

**--Prof. E. Keshava Reddy
Director of Evaluation**

1. Introduction

The University's core activities revolve around examination management, result declaration, and certificate issuance, which are vital functions. The Examination Branch serves as the foundation of JNTUA, ensuring that examinations are conducted fairly and promptly. To achieve this, it is imperative that all examination-related rules and procedures are meticulously defined, leaving no room for ambiguity or assumptions.

The current examination system is designed to oversee the efficient and lawful administration of University examinations, encompassing Undergraduate (UG), Postgraduate (PG), and Doctor of Philosophy (Ph.D.) programs. It outlines the roles and responsibilities of individuals involved, the protocols to be followed, and the various steps necessary at all levels throughout the examination process. Standardized formats have been established for all examination-related forms and documentation. Additionally, measures to prevent unfair practices and misconduct are detailed, along with corresponding penalties and sanctions.

Vision

To be a leading Examination Branch that champions innovation, transparency, and student-centricity, continuously improving evaluation processes and embracing automation for an exemplary academic journey.

Mission

- **Innovative Advancements:** In the academic year 2022-2023, we build upon our commitment to innovation, introducing online applications for transcripts, streamlining payment processing through the SBIEPay gateway, and updating challenge valuation rules in alignment with the National Education Policy.
- **Student Convenience:** Our dedication to student convenience remains unwavering. We initiate online college payments, develop software for monitoring students applying for Minors and Honours degree awards, and continue automation to reduce human errors.
- **Exemplary Academic Experience:** Our mission is to provide an exemplary academic experience, where students can access resources easily, engage with their academic journey digitally, and experience a fair and efficient evaluation process.

2. Activities

2.1 Examination Schedule

The JNTUA Examination Branch conducted exams for Under Graduate, Post Graduate courses as per the Academic Calendars issued by the University. The list of UG, PG, Pre-Ph.D. Exam Schedules as shown in Table 1, 2 and 3.

Table-1: Under graduate Examination Schedule

S.No	Name of Examination	Notification issued Date	Exam Start Date	Exam End Date
1	B.Tech IV Yr I sem Regular January 2023 Exams	30.11.2022	02.01.2023	11.01.2023
